

# Pembrokeshire County Council is changing . . .

## Challenges are prompting local Councils across Wales to re-think how they deliver services

We know that you would like us to be more open and transparent, and to engage more meaningfully with local people and communities.

Pembrokeshire County Council is keen to respond positively to this and the challenges it faces in becoming a council fit for the 21st century.

### The Council is looking to establish:

- Constructive relationships with local people, communities and organisations
- An agreed set of principles by which to provide services in future

### The events are:

- Open to everyone
- Being independently run by Participation Cymru
- Providing you with the opportunity to have your say
- An opportunity to meet Councillors; Ian Westley, Acting Head of Paid Service, and other Senior Officers
- The first in what we hope will become regular engagement events across the county

Please take advantage of this opportunity to shape the future of Pembrokeshire County Council.
